## Experience

**Consulting Intern | Panacea Infosec Pvt. Ltd.** Jan 2026 – May 2026

- Assisted the **Consulting & Compliance** team in day-to-day operational and documentation activities.
- Gained exposure to **cybersecurity consulting**, compliance processes, and audit-related workflows.
- Observed and understood project-based consulting practices in a professional corporate environment.
- Developed understanding of **information security standards**, organizational processes, and client-oriented consulting operations.

## Projects

**Full Stack Hotel Management System (HRMS)** 2026

*Tech Stack: React.js, Spring Boot, MySQL, REST API, Axios*

- Developed a **full-stack hotel booking system** enabling reservation creation, tracking, and management via REST APIs, reducing manual booking effort.
- Built a responsive frontend using **React.js**, improving UI responsiveness and reducing page load time.
- Designed backend services using **Spring Boot**, optimizing API response time to under **200ms** for core booking operations.
- Integrated **MySQL** database with optimized queries, improving data retrieval efficiency.
- Implemented API communication using **Axios**, reducing failed API calls and improving reliability.

**Quiz Application** 2024

*Tech Stack: Java, Swing*

- Built a GUI-based quiz platform with user login, rules display, and **timed question flow**.
- Implemented score evaluation logic and smooth transitions between questions and results.
- Designed a lightweight, modular Swing interface for improved user experience.

## Technical Skills

- Languages: Java, Python, C++, C, JavaScript
- Backend: Java, JDBC, REST API, Spring Boot
- Frontend: HTML, CSS, Bootstrap, FXML
- Databases: MySQL
- Tools & Platforms: Git, GitHub, Linux, VS Code, IntelliJ IDEA, Postman

## Achievements

- Participated in Co-dev organized by Graphic Era Hill Univeristy in 2022.
